# Curricular Practical Training (CPT)

“Integral part of an F-1 student’s established curriculum” which allows them to engage in experiential **training** in any type of required or optional **internship, externship, practicum, clinical, rotation**, etc, typically **off-campus**.

You must have been **lawfully enrolled full-time** at an I-20 issuing institution for at least **one academic year\***. The position must be tied to your major of study, as listed on your I-20.

OPTION 1: Connected to a specific course enrollment offered/required by program (internship course, practicum course, etc)

OPTION 2: Be required by the program, for all students, in order to graduate

## Paid vs. Unpaid

Payment is NOT a factor in determining if CPT authorization is required for your off-campus training. However, any paid opportunities would, of course, require CPT authorization.

## Training vs. Volunteer

### **True volunteer work does not require CPT**

True volunteer work is:

- For civic, charitable, or humanitarian reasons.
- Typically, at a non-profit.
- Always volunteer work. No one who performs the same duties receives payment.

## Full Time vs. Part Time

Full Time – More than 20 hours/week

No limit on the amount of full-time CPT

**HOWEVER 365+ days of full-time CPT\* = forfeiture of OPT benefit**

Part Time – 20 hours or less/week

**No limit** on the amount of part-time CPT for which a student may be authorized.

**Part-time never has any impact on OPT.**

# Steps to apply for CPT

1. Determine eligibility. Must have been lawfully enrolled for at least one academic year
2. Meet with Academic Advisor
3. Find an internship and follow Academic Department process and approval
4. Submit CPT application to OIA including: Program Approval AND Offer Letter
5. DO NOT START EMPLOYMENT until:
  - On or after the start date listed in your CPT I-20
  - You have received your CPT I-20
  - You are enrolled in the CPT course
6. Remain employed with the approved employer, location and position.
  - Changes? Back to Step 2
7. Want to continue CPT after authorized dates? Back to Step 2

# CPT Authorization Process

1. CPT is authorized one semester at a time (EXEL)
2. CPT is authorized for a **specific job title**, a **specific employer**, a **specific location**, and a **specific start and end date**, in SEVIS
3. There is no fee for CPT.
4. CPT is processed internally, not by USCIS. Processing time is 7 days.
5. CPT must be approved by academic advisor/program director.

**No academic approval = no CPT.**

# Optional Practical Training (OPT)

**Optional Practical Training (OPT)** is “temporary employment for practical training directly related to the student’s major area of study.”

## Three Types of Optional Practical Training

- **Pre-Completion OPT**

Authorization for students to work while enrolled in their degree program

- **Post-Completion OPT (12 months/1 year)**

Authorization for students to work after they complete their degree program

- **STEM OPT (36 months/3 years)**

An extension of post-completion OPT for certain **Science, Technology, Engineering and Mathematics (STEM)** programs

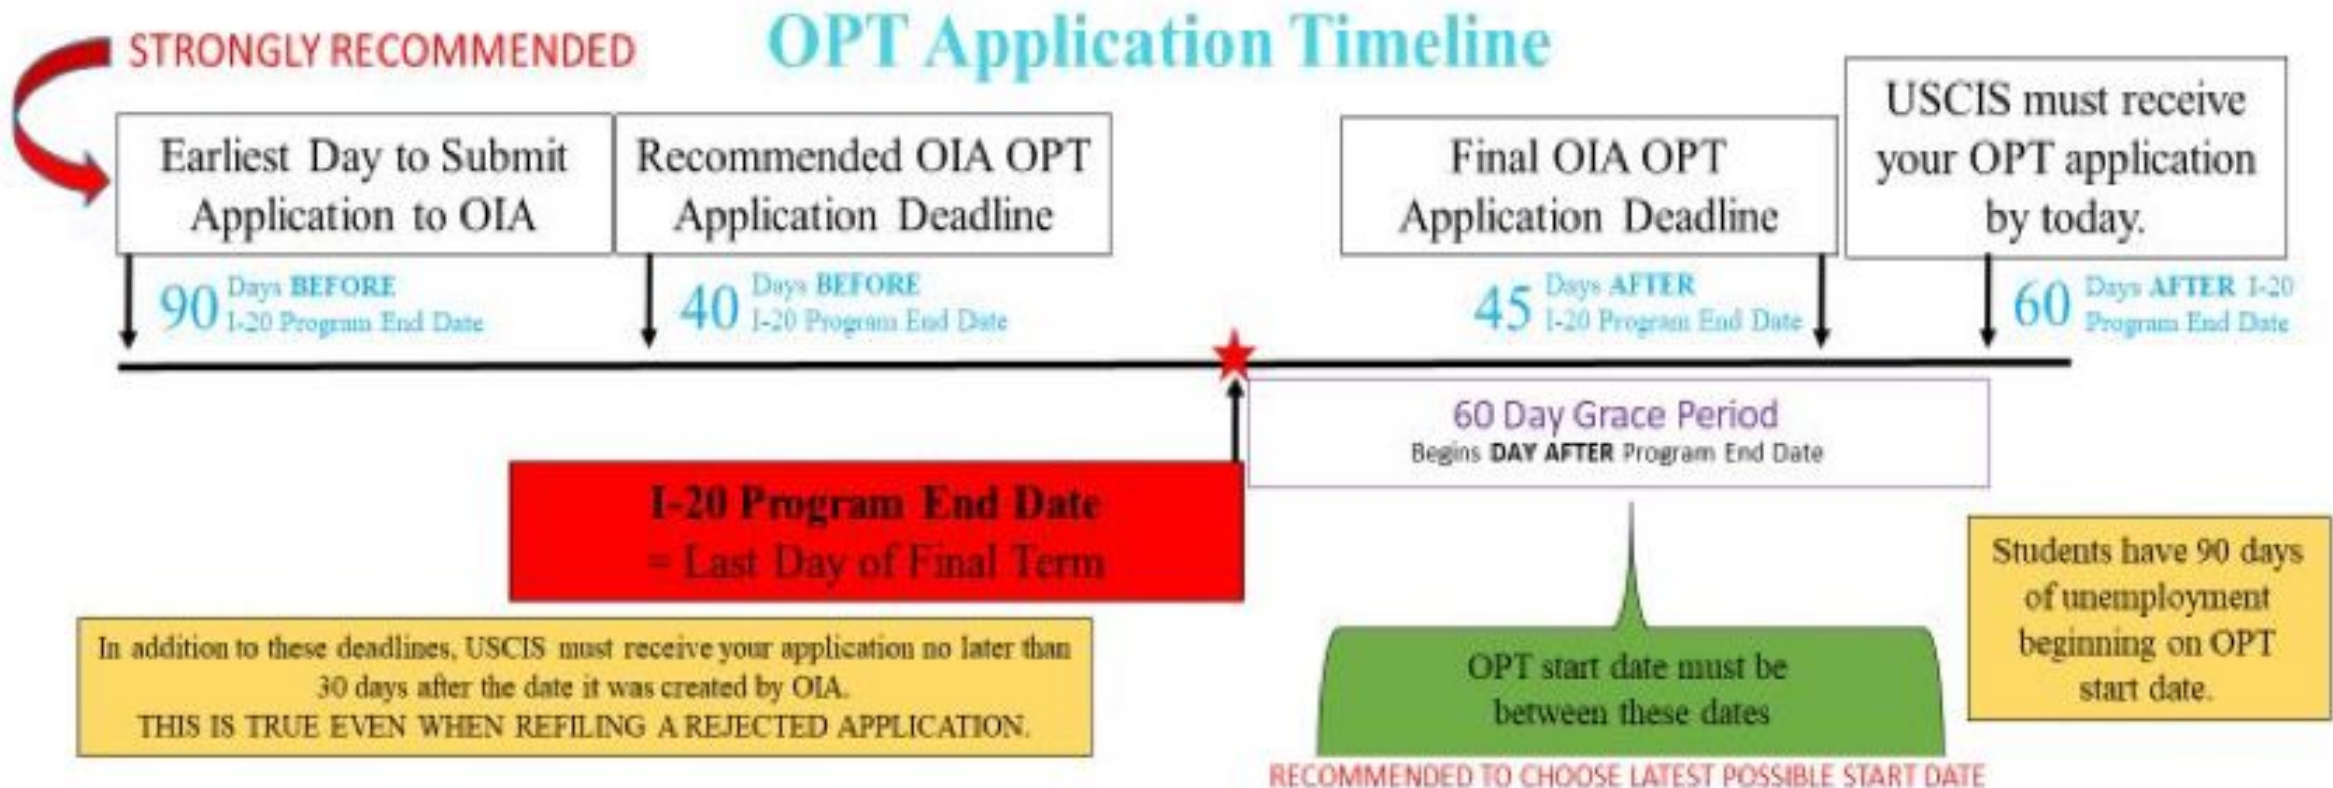

# OPT Eligibility

- Be in legal F-1 status
- Have been lawfully enrolled full time in a SEVIS-approved institution for at least one academic year
- Have a valid passport (with at least six months future validity)
- Have an unexpired I-20
- Have not used more than 364 days of full-time CPT at your current degree-level
- In most cases, you should be in your last semester of study
