Summary of PPO Benefits

Benefit Period April 1, 2025 - March 31, 2026

A PPO, or Preferred Provider Organization, offers two levels of benefits. If you receive services from a provider who is in the PPO network, you'll receive the highest level of benefits. If you receive services from a provider who is not in the PPO network, you'll receive the lower level of benefits. In either case, you coordinate your own care. There is no requirement to select a Primary Care Physician (PCP) to coordinate your care. Below are specific benefit levels.

Summary of Benefits and Coverage: What this Plan Covers & What You Pay For Covered Services ICUBA: High Deductible PPO

The Summary of Benefits and Coverage (SBC) document will help you choose a health <u>plan</u>. The SBC shows you how you and the <u>plan</u> would share the cost for covered health care services. NOTE: Information about the cost of this <u>plan</u> (called the <u>premium</u>) will be provided separately.

This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage visit http://icubabenefits.org or by calling 1-866-377-5102. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms see the Glossary. You can view the Glossary at https://www.healthcare.gov/sbc-glossary or www.cciio.cms.gov or call 1-855-258-9029 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	\$4,500 in-network per person; \$9,000 family/\$8,500 out-of-network per person; \$17,000 family.	You must pay all of the costs from providers up to the <u>deductible</u> amount before this <u>plan</u> begins to pay. If you have other family members on the <u>plan</u> , each family member must meet their own individual <u>deductible</u> until the total amount of <u>deductible</u> expenses paid by all family members meets the overall family <u>deductible</u> . The deductible starts over each April 1st. See the chart starting on page 2 for how much you pay for covered services after you meet the deductible.
Are there services covered before you meet your deductible?	Yes. Deductible doesn't apply to in-network: preventive care, Teladoc, office visits, prescription drugs, outpatient facility labs, or advanced imaging. Doesn't apply to in- or out-of-network: emergency room, urgent care, convenient care, or emergency transportation.	This <u>plan</u> covers some items and services even if you haven't yet met the <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply. For example, this <u>plan</u> covers certain <u>preventive services</u> without <u>cost-sharing</u> and before you meet your <u>deductible</u> . See a list of covered <u>preventive services</u> at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	No.	You do not have to meet deductibles for specific services, but see the chart starting on page 2 for other costs for services this plan covers.
What is the <u>out-of-pocket</u> <u>limit</u> for this <u>plan</u> ?	\$7,200 in-network per person; \$14,400 family/ \$12,700 out-of-network per person/ \$25,400 family. There is a separate out-of-pocket limit for prescription drugs (see page 3).	The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. If you have other family members in this <u>plan</u> , they have to meet their own <u>out-of-pocket limits</u> until the overall family <u>out-of-pocket limit</u> has been met.
What is not included in the <u>out-of-pocket limit?</u>	Premiums, balance-billing charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a <u>network provider</u> ?	Yes. See http://myhealthtoolkitfl.com , contact Essential Advocate at 1-888-521-2583 or call BCBS customer service at 1-855-258-9029 for a list of network providers .	This <u>plan</u> uses a provider <u>network</u> . You will pay less if you use a <u>provider</u> in the plan's <u>network</u> . You will pay the most if you use an <u>out-of-network provider</u> , and you might receive a bill from a <u>provider</u> for the difference between the provider's charge and what your <u>plan</u> pays (<u>balance billing</u>). Be aware, your <u>network provider</u> might use an <u>out-of-network provider</u> for some services (such as lab work). Check with your <u>provider</u> before you get services. See the chart starting on page 2 for how this plan pays different kinds of providers.
Do you need a <u>referral</u> to see a <u>specialist</u> ?	No.	You can see the specialist you choose without permission from this plan.

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.
