To register for classes, check the box in front of the CRN (C identifies a closed class) and click Register or Add to Worksheet.
 To be added to a waitlist (if available) copy and paste the CRN into the Registration and Add/Drop Classes Worksheet.
 If the message appears "No classes were found that meet your search criteria" contact your site administrator or program office.

*** If the section shows that a seat is available, please remember to check the number of people on the waitlist. If there are students on the waitlist then that "available" seat is being reserved for the waitlisted student. You will not be able to register for it.**

These columns show the number of available seats in the section and waitlist (WL)*

This bar shows seat information such as course capacity and available seats for the section and waitlist. Sections Found This column shows where the lecture, lab, midterm, and final exam will be held.
